

LCB LIBRA 311

FEATURES

- Industrial plastic and aluminium made body
- Integrated pure aluminium heatsink
- PC reflector processed through vacuum aluminium plating
- Suitable for accent lighting applications such as auto show and jewelry display
- Adjustable mid-ring provides $\pm 30^\circ$ projection angle
- Efficient heat dissipating pillar made in 1070 pure aluminium
- High performance COB and high CRI ($R_a > 80$)
- Cylindrical radiator, cooling efficiency is greatly improved

TECHNICAL DATA

LED WATTS	18 W	DIMENSIONS	Ø 104 mm x 91 mm
OPERATING TEMP	- 25 °C ~ + 40 °C	CUTOUT	Ø 95 mm
CRI (Ra)	≥ 80	LED BRAND	COB
COLOUR TEMP	2700 K 3000 K 4000 K	COLOUR	White Silver Black
LUMENS	1050 lm	PROTECTION RATING	IP 20
BEAM ANGLE	15° 30°	DIMMABLE	Dimmable by phase control (Trailing edge only) from approved dimmers
SOURCE LIFE	50,000 hours L70
